Your Medicaid Solution, Powered by EyeMed

At EyeMed, we're constantly investing to meet the ever-changing healthcare landscape. That's why you can trust us to deliver a Medicaid solution tailored to compliment your unique overall strategy. Our sole focus is vision, so we're confident in our capabilities...

We have a proven track record for delivering the best vision benefit solution for Medicaid partners across multiple states and programs.

- ~ 1 million Medicaid lives in 2017 Experience across the country, in states such as New York, Illinois, Nevada, Virginia and Massachusetts - expanding footprint in 2017
- Temporary Assistance Needy Families
- Children's Health Insurance (CHIP)
- Aged, Blind & Disabled
- Dual Eligible

We have the provider network members prefer and the solutions health plans require.

- Ability to develop a customized network in a 90 day window
- CARE Network activation plan ensures that providers are:
 - Contracted Compliant
 - Accessible
 - Ready
 - Equipped

Our Materials Solution is built with the flexibility to administer materials with choice, quality and cost in mind.

- Provider designated collections
- Member buy-ups (member responsibility)
- Enhanced plan offers (allowances above the Medicaid standard)
- State provided materials

Our compliance and reporting standards are structured around our understanding of the unique challenges and requirements for Medicaid.

- Credentialing
- Claims processing
- Cost of Care analytics
- Cost of Care management
- Customer service
- Grievances and appeals

We have the scale & platform built to support efficiency and drive market-leading economics.

- Process over 15 million funded claims per year
- Receive approx. 20,000 calls per day in the Customer Care Center - 40% resolved in IVR
- Offer translation services for 217 languages, including Spanish
- Less than 1% of all claims result in grievances and appeals
- Provider portal which integrates claim submission and lab order entry

There's no need for a blurry solution.

Become a Powered by EyeMed partner and see clear results.
