We know it takes vision to see beyond the status quo - and no one knows vision like EyeMed Vision Care.

Our focus is what matters most to you. Our capabilities are designed to deliver a market leading vision benefit solution tailored to compliment your unique overall strategy. In addition, we're constantly investing to meet the ever-changing healthcare landscape.

**We have a world of experience.**

Luxottica leads the vision industry with **7,200 retail stores** and **93 million frames** manufactured across **150 countries**.

As a managed vision care provider, EyeMed has achieved **31% growth in 3 years** (from 36 million to 47 million vision benefit members) - which makes us the **fastest growing** vision benefits company.<sup>1</sup>

Our market-leading **Vision Expertise** will help you build the right vision benefit solution and achieve your growth objectives.

Our **Industry-Leading Platform** is built to drive operational excellence and ensure everyone gets the most from the vision benefit.

Plus, we're **Built to Partner**, so we understand the key drivers of successful relationships.

Our track record for collaboration and partnership is proven through the **60+** Powered by EyeMed partners that trust us to support over **26.5 million** members.
